FOR IMMEDIATE RELEASE

ASI One of the Fastest Growing Business over \$2 million in Northern Colorado
ASI Awarded Prestigious NCBR Honor

For the fourth year in a row, ASI was honored as one of the Mercury 100 Fastest Growing Companies by the Northern Colorado Business Report. The award recognizes revenue and employee growth among local privately owned companies in a variety of sectors, including agribusiness, banking, health care, high technology, manufacturing, real estate, retail and services.

To celebrate the event, local business leaders gathered at the Rangeview Three, a LEED-certified office building in Loveland, on Wednesday, May 20. Guests enjoyed hors d'oeuvres from All Occasions Catering as the sun set over the mountain skyline, which was clearly visible from the unfinished fourth floor where the event was held. The Northern Colorado Business Report's Editor Kate Hawthorne announced the top five winners in two categories: over and under \$2 million.

ASI ranked 25th in the over-\$2 million group; it reached 10th in 2006, 11th in 2007, and 6th in 2008.

Client Relations Manager Katie Jo Cordes attended the event. "It is great to see the NCBR put on an event to recognize local business success, and it's even more exciting to be able to be a part of the recognition four years in a row."

Congratulations to everyone honored in the NCBR's Mercury 100.
