

ASI's Annual Support Plan Sage MAS 90/200

Item	Service Premier Plan	Service Plus Plan	Basic Plan
Support Tickets	Unlimited	Unlimited	4
Support Ticket Response Time	Within 1 Business Hour	Within 4 Business Hours	Within 1 to 2 Business Days
System Review Meeting	1 Per Year	1 Per Year	1 Per Year

What is included in all Support Plans:

- Error messages that indicate a desired operation has failed.
- Support Ticket Tracking- The client will receive a confirmation email that a support ticket has been logged which will include the support ticket number for client tracking. ASI will track service tickets internally to verify the response time is being met.
- Bug Reporting and Tracking- ASI will report a discovered bug to the Vendor and track it until a resolution is found.
- Upgrade Analysis- A consultant will review your existing system to verify it meets requirements and will make recommendations on upgrading to the newest version.
- System Review- A consultant will go onsite to review your business processes with your current procedures within your system and make recommendations based off their findings.
- Vendor Advocate- ASI will communicate with the Vendor, on the client's behalf, concerning support related issues.
- Administrative Care- This includes questions you have regarding new products, license keys, support processes, and upgrade questions.
- ASI Insider Newsletter is a quarterly newsletter introducing new product promotions that may enhance your current system.
- Client Relations Monthly Email is an email you receive with the latest product information.
- User's Group Attendance- up to 4 attendees at no additional charge.
- ASI's Business Hours are Monday through Friday 8:00am-5:00pm MDT.
