FOR IMMEDIATE RELEASE

### **Accounting Systems, Inc. Named Bob Scott's Insights' VAR Star for 2009**

Fort Collins, Colo., Nov. 17, 2009 -- Bob Scott's Insights, a publication of the Progressive Media Group, announced Tuesday that Accounting Systems Inc. was selected as a member of the 2009 VAR Stars, a group of 100 organizations that are being honored for their accomplishments mid-marketing financial software.

"This award is made to honor organizations for factors such as quality performance and leadership in their arena. It is made without regard to the volume of annual sales made by these businesses, although their ability to achieve notable growth is considered," said executive editor Bob Scott.

"ASI is proud to receive this honor and to be recognized for all the effort put in on a companywide level. We strive to be the best in solution providers and our commitment to customer satisfaction will continue to forge our success," said Chris Devault, Account Manager at ASI.

This is the first year that the award has been made by Bob Scott's Insights, a weekly electronic newsletter and companion Web site. However, Scott has been providing information, analysis and humor to value-added resellers and suppliers of mid-market accounting software since 1991 and has been involved in the awarding of previous industry honors.

Accounting Systems, Inc. is a value added reseller of business management software and offers products such as Sage MAS 90/200, Sage MAS 500, Sage CRM, Sage Saleslogix, Sage MIP Fund Accounting, SYSPRO and Deltek Vision. Since 1991, ASI has helped over 250 Colorado businesses find and support an integrated business solution. For more information, visit [www.asisucceed.com](http://www.asisucceed.com).
